TERAC Meeting

Cancelled at this time

FROM THE DESK (KEYBOARD?) OF THE PRES

Wow! A new year and already I am late with the news letter for the editor to clean up!

Gene had us a great program about 160 Meter operation, but it fell thru at the last minute.

We will get this rescheduled in the near future but it will probably have to be on a Friday night.

We still need a real buyer for the TERAC truck. Anyone know of anyone or a group that would like to own a M220 2 1/2 ton military van? It has new batteries and a half tank of gas! It is in running condition and has low miles!! It is also low cost!!

The new TERAC board looks a lot like the old board except that the VP and a board member just changed positions. Gene Single K7IUN is now VP and Bob Jenkins W7BKN is now a board member. Thanks to Bob for his many years as VP!

Future TERAC Programs

Unfortunately, we did not secure the hoped-for program about 160m for our January meeting. As you can see elsewhere in the newsletter, we've therefore had to cancel the meeting. The 160m topic and several others are being pursued for late winter/spring meetings, as is the LIGO field trip possibility. Stay tuned.

Gene K7IUN

This is an updated (as of 1-4-08) "Who's a 2008 member" list .

Please check to see if it's accurate for you and let me or Richard Stack know if any corrections are necessary.
