Ian Dees and Tony Tarr

FROM THE DESK (keyboard?) of the President

Thanks to Bonnie Altus, AB7ZQ Oregon Section Manager, for the February meeting presentation updating us on League activity. Gene is vacationing in Mexico visiting his daughter. We have a great program on the new Tektronix MDO 4000 oscilloscope that combines time and frequency domain capability for a much enhanced information presentation! Ian Dees and Tony Tarr are from Tektronix will present this program. This will be a technical program and not a sales pitch. It is a New Year and time to renew TERAC membership. See the membership enrolment form that is in the newsletter. We have spent the money and now own a LCD projector for our guest speakers. We will see how this works out with this presentation! Don't forget the pre meeting dinner. See you at the meeting.

Roger, W7ADV

New Hams

I took Phil Crosby with me to the Phantom Amateur Radio Group VE session recently and was surprised to find Gordon Moyle there. Gordon passed his General several weeks earlier and was there to take his Extra class. Both Gordon and I passed the Extra test; Phil passed the General test, repeating something he first did when he was 10 years old.
